GTCO Highlights

- **GTCO is a leading sub-Saharan banking franchise with a longstanding track record of strong growth and returns.** GTCO has consistently demonstrated strong profitability (1Q25 RoAE of 36.3% and averaging an RoAE of 30.6% and RoAA of 5.1% in the last decade to FY24, which is at a clear premium to Nigerian tier 1 banking peers). These profitability metrics compare favourably in a global banking context and are supported by strong operating efficiency (1Q25 cost-to-income ratio of 29.0% and averaging 37.9% in the last decade to FY24), as well as a robust capital position (39.3% CAR as at FY24).
- **Well-positioned to deliver continued growth across multiple verticals in banking and non-banking business segments.** Underpinned by economic tailwinds, the banking business of GTCO is poised to continue growth through scaling the retail and SME franchises, enhancing customer experience and technology, and increasing corporate lending in focus sectors. GTCO see a highly attractive banking opportunity in both Nigeria and its other markets of presence in West and East Africa, where continued economic growth, credit underpenetration, and a demographic dividend support a distinct long-term structural growth thesis on which GTCO's strong balance sheet and trusted brand is poised to capitalise. GTCO's non-banking segments – in payments, asset management and pension fund administration – are serving as additional growth catalysts, whose contribution to the Group will continue to grow as they further scale and enhance operating leverage.
- **Diversified and well-funded balance sheet poised to benefit from monetary policy normalisation.** GTCO has a strategically de-risked balance sheet with short-dated liquid assets that can be conveniently deployed to support margins. The Company's highly trusted brand and profile has enabled it to build a leading retail banking franchise, where it enjoys a structurally lower cost of funding attributable to its retail deposit mobilization capabilities (88.9% CASA deposits as at 1Q25).
- **Strong ratings from S&P and Fitch respectively.** GTCO benefits from strong foreign currency ratings within its peer group, which reflects stability and credibility in international markets. Most recently Fitch announced an upgrade to its credit rating for GTCO (B / Stable Outlook, April 2025) which it notes captures GTCO's sizeable market share, revenue diversification, strong profitability and large capital and foreign-currency liquidity buffers.
- **Impressive asset quality metrics with strong buffers to withstand macro risks.** The Group has maintained a healthy asset quality with a non-performing loan ("NPL") ratio of 4.5% as at 1Q25, improving from 5.2% as at FY24. In addition, the loan portfolio is well-covered with a total coverage ratio of 146.9% as at 1Q25, improving from 138.7% as at FY24. GTCO operates within regulatory limits on credit exposure and does not rely on any regulatory forbearance in respect of credit concentration or single borrower exposures.
- **Strong capital position providing a solid foundation for future growth.** GTCO has the highest Tier 1 and Total Capital Ratios among key Nigerian peers, with 36.0% and 39.3% as at FY24, respectively. Furthermore, the Company's strengthened equity base supports organic and inorganic growth as well as a higher single obligor limit that is conducive for larger credit ticket expansion.
- **Experienced management team and strong governance practices.** GTCO has an experienced leadership team that has a proven and longstanding track record of delivery and execution to drive shareholder returns across business cycles.

Segun Agbaje, Group Chief Executive Officer of GTCO, said:

This Offering and transition to a full listing on the Official List of the FCA and to trading of the Company's shares on the London Stock Exchange's main market for listed securities represents a pivotal moment in GTCO's growth story, reinforcing our position as a forward-thinking African Financial Services Institution. This move builds on our tradition of "many firsts" and innovation, as we continue to create exceptional value for our shareholders, customers, and broader stakeholders. Our consistent track record of strong performance, underpinned by disciplined execution and a relentless focus on customer excellence, gives us confidence as we embark on this next phase of growth. By enhancing our global visibility and access to capital, we are not just advancing our own ambitions but also unlocking transformative opportunities across the markets and customer segments we serve."

Background for the Offering

- On 28 March 2024, the CBN issued the Circular on the Review of Minimum Capital Requirements for Commercial, Merchant, and Non-Interest Banks in Nigeria (the "**Circular**"). Pursuant to the Circular, GTBank Nigeria, an international commercial bank with an international banking authorisation, is required to maintain a minimum capital of, at least, ₦500 billion and is required to maintain full compliance within a 24-month timeline, ending on 31 March 2026, while adhering to the CAR requirements.
- GTCO successfully completed the first tranche of its equity capital raise programme to comply with these new requirements in July 2024, raising ₦209 billion and this Offering serves to enable GTBank Nigeria to fulfil those requirements.
- The net proceeds of this Offering will be used primarily for the further recapitalization of GTBank Nigeria and are intended to be deployed in accordance with GTCO's growth strategy.
- In particular, the proceeds of this Offering will facilitate growth of the loan portfolio (retail, SME, and institutional banking), fortification of its information technology infrastructure, branch network expansion, and to leverage emerging opportunities in Nigeria and the operating environments where it maintains a banking presence. In addition, GTCO will also seek to pursue its expansion strategy with selective bolt-on acquisitions (for instance, in the pension fund administration and asset management segments).
- Furthermore, the Offering and the concurrent amendment of the Company's securities from GDRs to Shares are aimed at sustaining and continuing to develop the Company's profile with the international investment community.

Details of the Offering and Admission

- The Offering is expected to raise gross proceeds of circa US\$100 and is comprised of new ordinary shares to be listed on the London Stock Exchange.
- Immediately following Admission, the Company expects to target a free float of approximately 99 per cent. of the Company's issued, and to be issued, share capital.

Details of the Offering Price and the number of Offering Shares will be announced as soon as practicable after the close of the Bookbuild.

Cancellation of GDRs Listing and Admission of the Shares

The Company has applied for the cancellation of the admissions to listing and trading of the GDRs in London and amend the listing of its securities on the London Stock Exchange from GDRs to Shares to boost liquidity and make it easier for the Company to raise capital internationally in the future should it need to.

- The cancellation of the GDR listing is expected to take effect no later than 31 July 2025.
- Until the cancellation of the GDRs listing becomes effective, the GDRs will continue to trade without restriction under the ticker symbol "GTCO".
- Following Admission, the Shares listed on the London Stock Exchange will be quoted and traded in USD under the ticker symbol "GTHC". Following the cancellation of the GDRs listing, the Company intends to change the ticker symbol for the Shares from "GTHC" to "GTCO" and will issue a separate announcement in due course to that effect.
- Independent of the Offering and cancellation of the GDR listing, the Shares will continue to be quoted and traded in Naira on the Main Board of the Nigerian Exchange Limited ("NGX") under the ticker symbol "GTCO".
- Holders of the GDRs can elect to exchange their GDRs to depository interests representing Shares for trading on the London Stock Exchange or Shares for trading on the NGX.
- Following Admission, it is expected that Shares will be transferable between London Stock Exchange and the NGX, subject to certain criteria.
